

Budi Wiweko, MD, OG (REI), PhD

Budi Wiweko, MD, OG (REI), PhD is a **Research Manager of Faculty of Medicine Universitas Indonesia** and also a **Supporting Manager for Yasmin IVF Clinic – Jakarta**. After graduated as a specialist in Obstetrics and Gynecology from Universitas Indonesia in 2005, he spent his time as a research fellow on ovarian tissue vitrification and in vitro culture of follicles at Hyogo College of Medicine Japan. He continued his research on basic laboratory on ART and had some clinical IVF training in Osaka, Barcelona, Thailand and Vietnam. He defended his PhD thesis on "Pre-antral follicle vitrification" in Faculty of Medicine Universitas Indonesia in 2014.

He did a lot of contribution in developing IVF field in Indonesia since he is one of the **founder of Indonesian Association for In Vitro Fertilization (IA-IVF)** which was founded in 2009. Instead of giving services, he is also a coordinator of trainer for Subspecialty in Reproductive Endocrinology and Infertility Fellowship which is underwent in Teaching Hospital Universitas Indonesia.

He did and published a lot of researches in ART especially in AMH, individualized controlled ovarian stimulation (iCOS), ovarian tissue vitrification and embryo metabolomics. He is the one of AMH expert in Asian region since he developed AMH normogram and AMH based iCOS formula which is very important for daily practice on infertility. His researches about AMH, iCOS, and ovarian tissue vitrification were published in local journal and international journal and also conference of ART such as ASPIRE, ESHRE and IFFS annual meeting. Up to now, he has published 6 articles in international journals indexed in Scopus and had an impact factor, 3 articles in international proceedings conference indexed in Scopus, and 1 book chapter internationally indexed Scopus.

Now he is **The President of Indonesian Association for IVF (IA-IVF) for 2016-2020**, Chairman of the Indonesian Hydration Working Group and a member of advisory board of Merck Serono Asia Pacific. He is also a general secretary of Indonesian Society for Reproductive Endocrinology and Infertility (HIFERI) and Indonesian Society for Obstetrics and Gynecology (POGI-JAYA).

He is very active in a lot of regional organization such as Asia Pacific Initiative on Reproduction (ASPIRE) as **The President Elect of ASPIRE 2018-2020** and **also a Member of Executive Board**, Pacific Rim Fertility Society (PRFS), European Society for Human Reproduction and Embryology (ESHRE), International Federation of Fertility Society (IFFS), American Society for Reproductive Medicine (ASRM), International Society for Fertility Preservation (ISFP) and American Association for Gynecology Laparoscopy (AAGL). Now he is trying to develop ovarian tissue cryopreservation in Indonesia.
